

## Tasmania Kayaking

The Derwent River is a perfect introduction to kayaking. Calm waters, scenic views and much wildlife. In between rapids will provide excitement for all levels and good for beginners. For the experienced and brave we will have time to play on one of the training rapids.

Our Tasmania kayaking adventure starts at Hawthorn Lodge and takes you down the Derwent River finishing just before New Norfolk.

Our expert guides provide all the instruction and equipment needed. And seek out the varied wildlife that includes platypus who are often playing in the river.

The trip takes around five hours. We stop for lunch and a chance to swim as well.

Our kayaking package is designed to make it all easy from Hobart.
